Alliant 2 has been designated by OMB as a Best-in-Class contract for information technology. All U.S. Federal Civilian and Defense agencies can use Alliant 2 directly for streamlined, flexible acquisitions and access to ICF's leading edge services.

ICF is a full-service IT provider, delivering innovative technology solutions to help government and commercial organizations reach their target audiences, make sense of complex data, and solve problems. To enable digital transformation, we utilize the latest tools, technology platforms, as well as Agile and DevSecOps practices—all while delivering security and quality. Our specialized teams are creating solutions in critical areas of national importance such as defense, health, human services, education, energy, transportation, environment, homeland security, and resilience. We help our clients across a diverse set of markets to leverage technology solutions to solve their toughest challenges in cybersecurity, data science & analytics, IT management, digital transformation, customer experience, research & development, critical infrastructure resilience, and health informatics.

GSA Alliant 2 Benefits—Speed, Flexibility, and Scope

GSA Alliant 2 provides a single Federal Government-wide acquisition platform to support all IT related requirements and both commercial and noncommercial services with streamlined task order procurements. Using Alliant 2 speeds agencies from planning to project implementation, enabling customers to concentrate on agency missions rather than acquisition.

Contract benefits include:

- Streamlined ordering procedures
- Flexibility in procurement approach and use of ODCs
- Broad scope that can include cloud based solutions
- Customer agency control of procurement and implementation
- Limited number of pre-approved contractors
- CONUS and OCONUS contracts at any clearance level
- Supports agency Best-in-Class scorecard and Category Management initiatives

About ICF

ICF (NASDAQ:ICFI) is a global consulting services company with over 5,000 specialized experts, but we are not your typical consultants. At ICF, business analysts and policy specialists work together with digital strategists, data scientists and creatives. We combine unmatched industry expertise with cutting-edge engagement capabilities to help organizations solve their most complex challenges. Since 1969, public and private sector clients have worked with ICF to navigate change and shape the future. Learn more at icf.com.
