Alliant 2 has been designated by OMB as a Best-in-Class contract for information technology. All U.S. federal civilian and defense agencies can use Alliant 2 directly for streamlined, flexible acquisitions and access to ICF's leading edge services.

ICF is a full-service IT provider, delivering innovative technology to help clients reach their target audiences, make sense of complex data, and solve problems. Our specialized teams are creating solutions in critical areas of national importance such as defense, health, human services, energy, transportation, homeland security, and resilience. We help our clients across a diverse set of markets to leverage technology solutions to solve their toughest challenges in cybersecurity, data science & analytics, IT management, digital transformation, customer experience, research & development, critical infrastructure resilience, and health informatics.

Digital Services Centers. Addressing the sprawl of technologies and siloed solutions is at the forefront of every CIO's agenda. ICF's Digital Services Center (DSC) is a framework, methodology, and a set of best practices and tenets that are tailorable to each enterprise's specific needs. Our highly experienced resources can quickly deploy a tailored DSC to assist an enterprise in maximizing business and IT investments, product licensing, and velocity in support of business needs.

Cloud-Based Platform Implementations. In both experience and scale, ICF is at the forefront of industry-leading cloud implementations for technologies such as AWS, ServiceNow, Appian, Salesforce, Box, MuleSoft, and Okta. Our architects and platform engineers weave together the fabric of a cloud-based ecosystem leveraging best-of-breed solutions to deliver highly available, exceptionally scalable, and extremely secure business applications.

- ServiceNow. ICF is the only ServiceNow Elite Partner with a perfect 10.0 CSAT rating for 120+ deployments, bringing to bear our cadre of certified expert components to implement ServiceNow solutions at the scale within a diverse cloud fabric of technologies.

About ICF

ICF (NASDAQ:ICFI) is a global consulting services company with approximately 9,000 employees, but we are not your typical consultants. At ICF, business analysts and policy specialists work together with digital strategists, data scientists and creatives. We combine unmatched industry expertise with cutting-edge engagement capabilities to help organizations solve their most complex challenges. Since 1969, public and private sector clients have worked with ICF to navigate change and shape the future. Learn more at [icf.com](https://www.icf.com).

- Appian. We are the largest Appian practice in North America, with four of the largest Appian implementations. Our team has built NextGen solutions, extending the platform capabilities into machine learning and employing our large library of accelerators and reusable components.
- AWS Advanced Consulting Partner. Our consultants leverage AWS as the backbone for many of our solutions employing diverse PaaS, SaaS, and custom technologies.

GSA Alliant 2 Benefits—Speed, Flexibility, and Scope

GSA Alliant 2 provides a single federal government-wide acquisition platform to support all IT related requirements and both commercial and noncommercial services with streamlined task order procurements. Using Alliant 2 speeds agencies from planning to project implementation, enabling them to concentrate on agency missions rather than acquisition.

Contract benefits include:

- 38 vendors selected for high-quality delivery of complex requirements and use of emerging technologies
- Streamlined ordering procedures
- Flexibility in procurement approach and use of ODCs
- Broad scope that can include cloud based solutions
- Customer agency control of procurement and implementation
- Limited number of pre-approved contractors
- CONUS and OCONUS contracts at any clearance level
- Supports agency Best-in-Class scorecard and Category Management goals

Using the GSA Alliant 2 GWAC

Customers: Alliant 2 is a Government-Wide Acquisition Contract (GWAC) that is available to all US federal civilian and defense agencies.

Period of Performance: 5 year base term 7/1/2018 through 6/30/23 plus a 5 year option period through 6/30/28. Task Orders can be performed up to 6/30/33, which is past the Basic Contract expiration date, only when (1) orders are issued before 6/30/28; and (2) options are included at initial issuance of the Order

Celling: \$82.5 billion program ceiling

Task Order Types: Time & Materials, Cost, Firm Fixed Price, or Hybrid

Contract Number: 47QTCK18D0043

More Information: For information on how to use the contract, delegated procurement authority, and additional details, see <https://www.gsa.gov/alliant2>
